Chaapu / KMAP / Aafu | DOB: 22/06/1995

Are bhai bhai bhai bhai! You are among the very few friends who have cared about me more than I have about them. I feel both sorry and thankful for that. Just too many moments have been shared together that counting won't work. Dept freshers me Saath gaane se start hua Safar , Saath wing tshirt banana, wo music room me raag-sambhavi aur bathroom me 'Awara', dept courses ke liye phatte haal me last night intense magai, phir likhna-sunana, trips pe jaana ...matlab kuch chhoda hi nahi. You are exceptionally good in music and poetry and in mimicking different voices ... Inko kisi na kisi form me zaroor continue karna ... Although it's upto you to decide which field you want to pursue but my view is that you can excel upto a different level in these fields. All the best bro... Just keep calm when feel low, aur mauka milte hi phod do. Lots of love! ...Gaurav Kumar [S/O A Kumar]

Ashu bro...itna talent ek jagah mushkil se dikhta hai duniya men...tere talents likhne baithun to din nikal jaye...bhai tu sahi me Jack of all trades hai...tere se kaafi kuch seekha...2 saal sath reh ke BP bhi down hui :P...placements ke samay tere se ek bohot important lesson seekha ki koshish karne waalon ki kabhi haar nhi hoti (intern ke din yaad dila diye the tune)...bhai deep respect hai tere liye...u deserve way more...just keep working...bada aadmi banega tu...best wishes for future...milenge aage..till then stay blessed and stay fit...Akhil Amod

Bhai bhai...Bhot maze kiye hai be hum logo ne saath me. Woh kya din the 1st year summer (Omegle :p), Prnajal ka gadda, Apna TA Esc KA. MSO ke endsem ki raat aur pata nai kitni sari yaadein hai.. 'Delhi saath challenge, kisi ko nai batana :P'. All the best for your future. Hamesha Chaapte rehna ...Ashutosh Kumar

How to begin writing about you? Let's start with those

very short hall 2 mess meetings, jisme I felt that ye banda mast hai but because those encounters were always placed during the endsems (and you know me during the endsems :p) toh kabhi conversation ho nahi paayi. But I'm sure we made up for the lost time in the last year. Let me put it this way, it was an absolute delight being by your side in every one of those moonlit conversations and smokey clouds. I always felt you are the MTH version of me :p I learned a lot from our discussions and will definite remember and apply those ideologies in life. You are amongst those very few people in my campus life (or life :p) with whom conversations lose track of time. It felt so nice, having to find a writing/reading buddy like you. And what to say about that sugar-sweet melody voice :) Keep singing mate! Although, mai likhta that thode aur courses saath kiye hote apan dono ne -- but I know tu maardega mujhe aisa likhne par :p I will always remember that morning fail-attempt to capture sunrise and I hope we'll make up for that someday (iss baar DSLR mai layega :p). Keep singing, keep writing, keep clicking and most importantly keep sending all that earlier keeps to me :p We'll definitely stay in touch and needless to say, I consider myself extremely lucky crossing paths with you on this moist speckle of cosmic dust :p All the very best in life and Take care! <3 P.S. -- "Bro, hai kya?" :p... Naman Kumar Gupta

#211 and #376 forever, saath mein apan ne katte ki dhamki jheli hai, bhukamp mein bhaage hain, paper ki tayyari mein ek dusre jo jagane ke umeed mein dono ludakh gye hain :p, TA ke end sem mein same haggga failaya hai aur bahut kuch hai, Tu na hota to 101, 311 mein bihari source kon lagata and the cherry on top the senior interaction session first year :p. Chaapu prakash chaapte raho PS: I still have that photo :p...Pranjal Dixit Chaapu / KMAP / Aafu
